# A Word of Appreciation

It is with pleasure I send to Dahlia Lovers my list of Novelties and Varieties of my own raising and the cream of other growers, all of which have been tested out and have come up to the requirements of my ideal of a Dahlia.

Having discarded hundreds of Dahlias and retained only the best of the older varieties, I would like to call attention to the more choice varieties which I have every confidence in offering my customers. I wish to thank all my patrons for their past favors and many flattering letters of appreciation regarding my new originations.

A cordial invitation is extended to all Dahlia lovers to visit my gardens during the blooming season, especially during September and early October.

## GENERAL INFORMATION

### ORDER EARLY.

Stock of some of the varieties is limited, so to avoid disappointment please order early. All orders will be filled strictly in rotation. Stock will be reserved as the orders are received and shipped at the time desired.

### TUBERS.

**GUARANTEE.** I send out divided field-grown roots, every one guaranteed true to name and to arrive in good growing condition.

If you do not find the varieties you want in this catalogue write me, I have many of which stock is too limited to catalogue.

### TERMS.

To keep down office expenses I have no charge accounts, and will allow a discount of 5 per cent when cash accompanies the order. All other orders sent C. O. D.

**REMITTANCES** should be made by post-office money order or check.

**FORWARDING.** All Tubers are sent Parcel Post unless otherwise stated.

### GREEN PLANTS.

I have made a specialty of green plants for several years, and know how to grow them, and how to pack them, and will guarantee safe delivery to any destination within three days' journey from here.

Should they not arrive in good condition I will either replace them or cheerfully refund the money.

### TIME FOR PLANTS.

I will ship plants any time desired after May 15th, but recommend from May 20th to June 10th as being the best.
